

Erica.

# Erica and Robyn's Lyrid Meteor Shower 21.04.2020

## What did we do?

First, we got:

- Blankets
- Coats
- candles
- a telescope
- Hot water bottles

and set up. ~~At~~ Next, we sat down and snuggled in to each other and looked at the sky. There was a lot of stars.

## What did we see? (constellations, planets etc)

We saw!

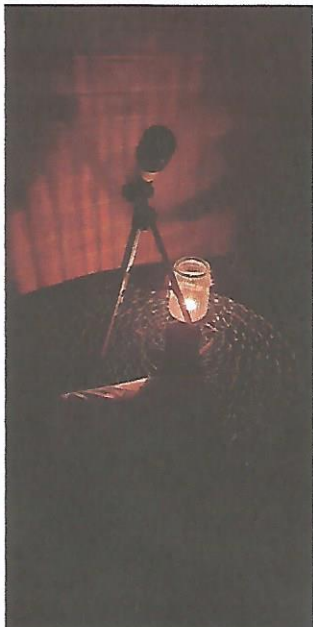

- ~~the planet~~ Venus
- W constellation that looked like Harry Potter's scar but it was Cassiopeia the queen.
- The Big dipper (ursa major, the plough)
- ~~stars~~ Stars
- Satellites ...
- ~~Cross~~

They were amazing. I loved looking in sky and seeing the stars.

## Was it a good night? Favourite Bit etc?

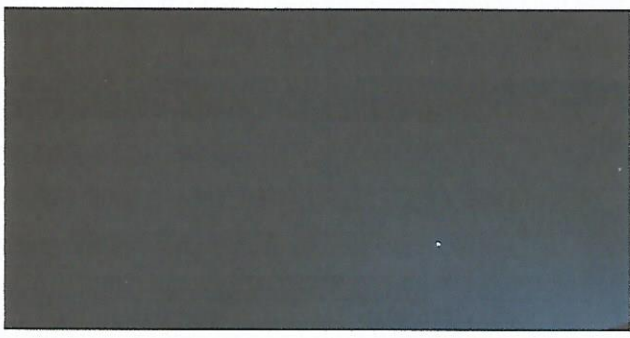

Yes!! I loved it. My favorite part was when we saw Venus and the Big dipper. That night it was so dark that we saw 2 satellites.

# Erica and Robyn's Lyrid Meteor Shower 21.04.2020

## What did we do?

We were sitting on our rainbow bench with blankets, hot water bottles, coocets, candles and telescope.

## What did we see? (constellations, planets etc)

Venus shining bright and a satellite shooting across the mid night sky.  
We saw saw a big dipper - Ursa major & The Plough.

Venus shining

## Was it a good night? Favourite Bit etc?

My best bit was when the satellites went past. In our class we have a table called satellites.

xx from Robyn
