

Nettlesworth Primary School

Pupil PE and Sport Premium Impact Analysis 2016/17

Impact Report

This report will look at how the PE Premium has been spent and its impact across the 5 key areas highlighted by Government for development within schools. These comprise:

- ✚ Engagement of pupils in regular physical activity.
- ✚ The raised profile of sport and PE as a tool for school improvement
- ✚ Increased staff confidence and knowledge
- ✚ A broader range of sport on offer to pupils
- ✚ Increased participation in competitive sport.

For the 2016/17 year school received a total of £8380 in Sport Premium. There is a detailed breakdown of how this was spent in our Sport Premium plan located on our school website. The impact of this spend and plan is outlined below.

Area of spend	Pupils in receipt of PE funding by year group	Costing of initiative	Impact Measure	Result
Annual subscription to Durham and Chester-Le-Street Sport partnership	All year groups	£5380	Engagement of pupils in regular physical activity.	<p>All pupils in school across all year groups regularly participate in at least 2 hours high quality PE curriculum delivery.</p> <p>Teachers work alongside a specialist secondary PE teacher in order to increase their own level of confidence and knowledge in the subject area.</p> <p>Children have access to a full organised programme of competitions and festivals</p> <p>Links to other sporting clubs are promoted</p>

		£800	Provision of additional equipment for SAQ and after school/playground use	<p>Children have access to the County Gifted and Talented multi skill academy.</p> <p>Subscription to the partnership has allowed us to increase the range and breadth of sport experience our pupils participate in and allows them to compete in level 2 and level 3 Sainsbury's games.</p> <p>The numbers of children involved in additional physical activity has increased and additional structured physical games/activity is offered via Sports leaders at lunchtime break. In addition to this more equipment was purchased to go into playtime boxes for other breaks during the day.</p>
School sports Organising Crew/Sports Leaders	Year 5/6	£200	The raised profile of sport and PE as a toolkit for school improvement	<p>This has provided the opportunity for children to engage in heightened levels of responsibility and ties in with our RRSA and Investing in Children initiatives. Via this spend children have the responsibility of a budget to promote healthy active lifestyles through a range of fun activities</p> <p>This raises the profile and importance of PE throughout the school and improves leadership skills.</p>
Provision of external coaches and Partnership staff	All year groups		Increased staff confidence and knowledge	<p>Staff feel upskilled via working alongside secondary partners in designated areas which were identified by them as needing development.</p> <p>These areas have been as diverse as Judo, Athletics, Rugby and Dance.</p>

				<p>All teachers have been observed teaching PE and have taken part in in school CPD training by subject leaders.</p> <p>Tracking of progress of children in PE has been highlighted with this now happening on a termly basis.</p>
	Year 5/6	£1000	A broader range of sport on offer to pupils	School participated in a residential weekend to Robinwood centre in Alston. Whilst there they participated in a diverse range of sporting activities which we were unable to provide within school. This included climbing, kayaking, archery and gully scrambling.
	All year groups	£1000	Increased participation in competitive sport	Cost of additional transport in order to enable greater numbers of children to access a higher level of SSP competitions thereby increasing the numbers of children entered into Level 2 and Level 3 competitive events
Total spend		£8380		
Total allocation		£8380		

In the coming academic year Sept 2017- July 2018 we would propose to use the Sports Premium money in a similar way if the figure for the grant remains at the same level. However if there is any doubling or increase in funding we would look at the following areas of provision:

- ✚ Provision of additional swimming sessions in order to increase participation in this sport and improve pupil engagement in a range of different sports.
- ✚ Increase the level of our SLA with the Chester le Street and Durham School Sports Partnership in order to give us access to a wider range of services and sporting opportunities.
- ✚ Consider the employment of a Sport Apprentice to work within school on targeted areas and to increase the profile of PE and sport across the school.

Sustainability of Actions

At a lower (present) level of funding sustainability has been proven over the past 3 years (For evidence of this view the Impact analysis of Sport Premium spending on our website)

At the higher level of funding we are confident that we could sustain present performance and outcomes for children and improve on participation levels and types of sport offered.

For the past few years we have been the recipients of the Sainsbury's school Games Gold award. This represents for us consistency and sustainability of provision.
