

Purple Penguins

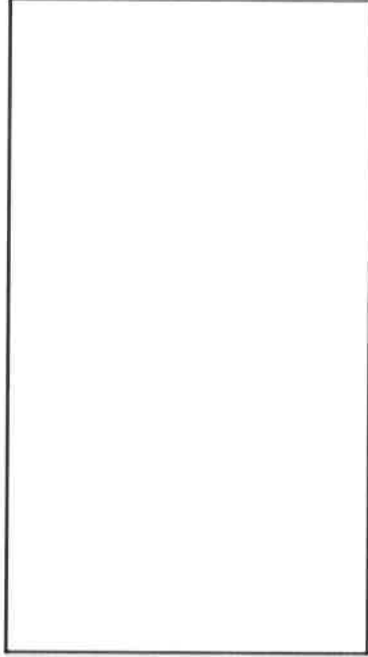

Monday 20th September 2021

This week's homework links to what we are learning about in science this week; Alive or no longer alive or never been alive. Can you find things around your house, garden or in an outdoor space and draw them. Can you then identify if they are living, no longer living or never been alive and give three reasons why for each one? For example, a stick found on the floor is no longer alive.

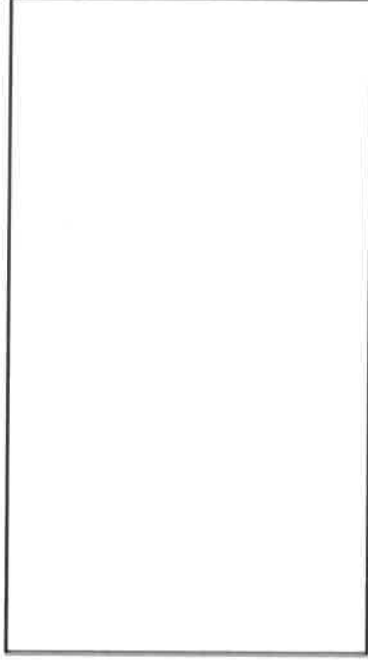

Draw your item:

Draw your item:

Draw your item:

Is it living, dead or has it never been alive?
How can you tell? Give three reasons:

1. _____

2. _____

3. _____

Is it living, dead or has it never been alive?
How can you tell? Give three reasons:

1. _____

2. _____

3. _____

Is it living, dead or has it never been alive?
How can you tell? Give three reasons:

1. _____

2. _____

3. _____

Turquoise Turtles.

Monday 20th September 2021

This week's homework links to our topic 'All living things' and is a recap of what we have been looking at in class. Can you have a look in your house, garden or any outdoor space and find some objects or have a think about what we discussed in class. Can you then sort them into 3 piles: Alive, No longer alive and Never been alive? Can you then write a short sentence telling me what you have found and why you have put it in that box? Think about some of the characteristics we have been looking at.

<u>Alive</u>	<u>No longer alive</u>	<u>Never been alive</u>

Magenta Monkeys

Monday 20th September 2021

This week's homework links to what we are looking at in class and things that are alive, no longer alive and never been alive. Can you have a look round your house, garden or outdoor space and see what you can find. Can you then sort them into things that are alive, no longer alive or never been alive and write the names of each one in the correct box?

Alive	No longer alive	Never been alive

Red Robins.
