

Purple Penguins.

Monday 4th October 2021

This week's homework is Numeracy and is focusing on subtraction, linking to what we have been looking at in class. Can you have a go at subtracting using the written method to complete the number sentences. I have done one for you to help you.

$$\begin{array}{r} T O \\ 46 - 24 = 22 \end{array}$$

$$\begin{array}{r} T O \\ 40 - 20 = 20 \\ 6 - 4 = 2 \end{array} \left. \begin{array}{l} \\ \end{array} \right\} \begin{array}{l} \text{Back} \\ \text{together} \end{array}$$
$$= 22$$

$$59 - 37 =$$

$$66 - 43 =$$

Magenta monkeys

This week's homework is Numeracy and is focusing on subtraction, linking to what we have been looking at in class. Can you use your hundred square to complete the number sentences. I have done the first one for you.

$$46 - 10 = 36$$

$$53 - 10 =$$

$$92 - 10 =$$

$$61 - 30 =$$

Subtracting

How It Works

When you subtract, you take one number away from another to get a smaller number.

$$3 - 1 = 2$$

$$5 - 2 = 3$$

Now Try These

1. Cross out the right number of cogs and write how many are left in the boxes.

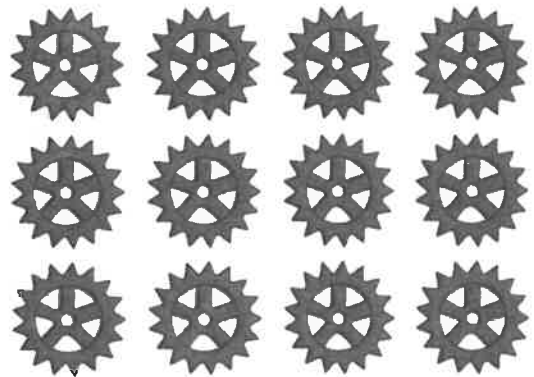

$$4 - 3 = \boxed{1}$$

$$6 - 3 = \boxed{}$$

$$8 - 5 = \boxed{}$$

$$12 - 7 = \boxed{}$$
